

## Renal Cancer Worksheet

The Examiner must review a current status report by the treating physician and any supporting documents to determine the applicant's eligibility for certification. If the applicant **meets ALL the acceptable certification criteria** listed below, the Examiner can issue.

AME MUST REVIEW	ACCEPTABLE CERTIFICATION CRITERIA
Treating physician finds the condition stable on current regimen and no changes recommended	<input type="checkbox"/> Yes
Metastatic disease, extracapsular extension, or paraneoplastic syndrome	<input type="checkbox"/> No
Treatment completed and back to full, unrestricted activities (ECOG performance status is 0)	<input type="checkbox"/> Yes

**AME MUST NOTE in Block 60 one of the following:**

Airman meets certification criteria for renal cancer.

Airman had a previous Special Issuance for this condition and now meets the regular issuance certification criteria for renal cancer.

Airman does NOT meet certification criteria for renal cancer. I have deferred this exam. (Mail the supporting documents to FAA identifying which criteria were not met.)
